("Company") and its subsidiaries (collectively referred to as the "Group") The interim activity report is the responsibility of the group management. As the organization performing the limited review, our responsibility is to state whether the consolidated financial information included in the interim activity report is consistent with the interim summary consolidated financial statements and explanatory notes that have undergone a limited review and are the subject of the limited review report dated August 13, 2025.

Our limited review includes examining whether the consolidated financial information included in the interim management report is consistent with the limited review of the interim summary consolidated financial statements and explanatory notes. Therefore, we do not express an independent audit opinion.

As a result of our limited review, we found no matter that would cause us to believe that the consolidated financial information included in the interim activity report attached hereto is not, in all material respects, consistent with the information provided in the interim summary consolidated financial statements and explanatory notes that have undergone a limited review.
